

# Science Undergraduate Laboratory Internship (SULI)

## Princeton Plasma Physics Laboratory

The **Science Undergraduate Laboratory Internship (SULI)** program at PPPL is for undergraduates interested in performing plasma physics and fusion energy research. Students perform research, under the guidance of laboratory staff scientists or engineers, on projects supporting PPPL's research and participate in the Intro to Plasma and Fusion course hosted by PPPL.

Terms available:

- **Spring 2023:** 16 weeks (January through May)  
*Applications open July 14, 2022 through Oct 5, 2022*
- **Summer 2023:** 10 weeks (June through August)  
*Applications open Oct 18, 2022 through January 10, 2023*
- **Fall 2023:** 16 weeks (September through December)  
*Applications open March 15, 2023 through May 25, 2023*

For key dates, detailed eligibility requirements, benefits, and application information, <https://science.osti.gov/wdts/suli>. Travel support, if on-site, is provided. Housing assistance is available. All students receive a \$650/week stipend.

Eligibility for the SULI program requires that all applicants:

- Must be currently enrolled full-time (having completed at least one semester) or have recently graduated with an undergraduate degree within the last two years before the internship start date.
- Must have a cumulative minimum Grade Point Average (GPA) of 3.0 on a 4.0 scale.
- Must be 18 years or older at the time the internship begins.
- Must be a United States Citizen or Lawful Permanent Resident at the time of applying.
- Must have earned a high school diploma or General Education Development (GED) equivalent at the time of applying.

This program is funded by the Department of Energy's Office of Workforce Development for Teachers and Scientists. For questions regarding the SULI program, please contact Deedee Ortiz at [dortiz@pppl.gov](mailto:dortiz@pppl.gov).
