

# Research Experience for Undergraduates

## UNIVERSITY OF NOTRE DAME

2025 SUMMER RESEARCH POSITIONS

FOR SOPHOMORE AND JUNIOR  
UNDERGRADUATE PHYSICS MAJORS

Areas of research include Astronomy, Astrophysics, Complex Systems/Biophysics, Condensed Matter Physics, High Energy Physics, Nuclear Physics, and Quantum Materials. Students will work closely with faculty and graduate students on a variety of current research projects.

**Dates: May 27 to August 1**

**10-week Appointment**

*9 weeks in residence at Notre Dame, May 26 (arrival) to July 26 (departure)*

*1 week online, July 28 – August 1*

**\$6000 Stipend plus Housing**

On-campus housing, transportation allowance, and many group meals and events are provided.

**Application Deadline: February 17, 2025**

**Apply at [physics.nd.edu/research/reu/](https://physics.nd.edu/research/reu/)**

To be eligible students should:

- ✓ Have a background in physics
- ✓ Have completed sophomore or junior year
- ✓ Be a U.S. citizen or permanent resident

All applications must be submitted electronically with a **letter** describing your interests and relevant background (math, computer, and research experience), a **transcript**, and **two faculty letters of recommendation**. Selection begins the day after the deadline so please be sure everything gets turned in prior to February 17, 2025!
