

2025

# SOLAR ENERGY TECHNOLOGY OFFICE (SETO) FELLOW

EERE Science, Technology, and Policy Program

OAK RIDGE INSTITUTE  
FOR SCIENCE AND EDUCATION  
*Shaping the Future of Science*

U.S. Department of

# ENERGY

## Stakeholder Engagement

Engage with DOE and National Lab staff to build and maintain relationships with strategic partners working on emerging technology for building systems integration and energy efficiency programs.

## Technical Expertise

Engage with DOE staff to provide feedback and recommendations on strategic progress or course correction for a variety of technical projects relating commercial and private energy efficiency products/technologies, and solutions.

## Creative Vision

Engage in strategic planning for technology research and development, reviewing, recommending, and implementing projects that advance the SETO mission, resulting in measurable, and trackable alternative energy developments.

## Allowances:

- Competitive stipend
- Health insurance
- \$5,000 Relocation
- \$10,000 travel and research allowance
- Federal holidays observed
- Hybrid participation schedule

## Eligibility:

- U.S. Citizenship or Lawful Permanent Residence status (LPR)
- Bachelor's, Master's, or Doctoral Degree
