

Alternative Fuels and Feedstocks Office 2026 Fellowship

The Science, Technology and Policy (STP) Program through the U.S Department of Energy's Office of Critical Minerals and Energy Innovation (CMEI) serves as a next step for scientists and engineers. CMEI's Alternative Fuels and Feedstocks Office (AFFO) funds research, development and demonstration (RD&D) to enable the use of bioenergy, hydrogen, and fuel cells in applications across multiple sectors. These technical innovations will support a strong domestic economy and an innovative energy future. Sub-Programs within AFFO include Feedstocks, Production, Infrastructure, Fuel Cells, Systems Development and Integration, and Analysis, Codes and Standards.

AFFO is currently seeking a total of four fellows, one for each of the following Sub-Programs:

**Fuel Cell
Technologies**

**Systems Development
& Integration**

**Production
Technologies**

**Analysis, Codes,
& Standards**

PROVISIONS

Candidates will receive:

- Competitive Stipend
- Travel/Research Allowance
- Health Insurance
- Relocation Allowance for those located more than 50 miles from host facility

ELIGIBILITY

To be eligible, applicants must:

- Be 18 years of age or older
- Be a U.S. Citizen or Lawful Permanent Resident
- Have completed a bachelor's, master's, or doctoral degree by appointment start date.
